MUSICAL EVENT TO BRING MANY FOR CONTESTS

Tri-State Musical Festival Starts at W. T. Today

TO CLOSE SATURDAY

Well Known Musicians To Judge Events in Contests

A large group of music teachers and students will be entertained at W. T. today, Friday and Saturday in the Third annual Tri-State Music Festival. This is the first time that this association has been entertained in Canyon. Winners from the Panhandle Music Festival, the South Plains Music Festival and the New Mexico Music Festival will gather here for the final contests of the year.

Highlights of Meet

Highlights of the meet will be a voice recital by Rollin Pease, head of the voice department of the University of Arizona, and a basso of international reputation; the Madrigal Club recital Friday evening, and the Tri-State Orchestra audition Saturday evening. Professor Wallace R. Clark, head of the music department of the College, will conduct the Madrigal club, assisted by Miss Beulah Dunn, violinist, of Lubbock, a former officer and a prominent member of the South Plains Music Association. Mr. Clark will direct the Tri-State Orchestra also.

Judges Are Outstanding

The Association has been fortunate in securing leaders in the music world of today as judges of the various contests. Mr. Pease will judge in the vocal solos and ensembles; Dr. Edward D. Hale, Dean of the Colorado School of Music, Colorado Springs, in the piano solos and ensembles; Mr. E. Clyde Whitlock, concertmaster of the Fort Worth Symphony Orchestra, in the violin solos and ensembles and organ; Mr. C. E. Strain, director of the Buffalo Band in wind instruments; and Miss Ada V. Clark, director of music in the Training School, in hymn playing.

One of the interesting features of the Festival will be the "All Tri-State Orchestra" composed of students making a grade of "Excellent" or above in the various contests. The orchestra is being made possible by the Chamber of Commerce of Canyon.

The W. T. Orchestra will serve as choral orchestra during the Festival.

Officers and Directors

Professor Wallace R. Clark is president of the Tri-State Music Festival, Herschel Coffee is secretary-treasurer, and Miss Pauline Brigham is contest director.

The Board of Directors is composed of Mrs. Margaret K. Woodruff of Amarillo, Miss Mattie Mae Swisher of Canyon, Mrs. Gladys M. Glenn of Amarillo, Mrs. M. E. Ware of Lubbock, Miss Jeanette Ramsey of Slaton, and Miss Mildred Savoie of Plainview.

Palo Duro Pictures Shown by Terry at Rotary Luncheon

Lee Johnson, chairman of the Public Information Committee, was in charge of the program at the Rotary Luncheon Tuesday, introducing Albert Terry, official photographer of the Palo Duro State Park. Mr. Terry showed 50 lantern slides which he had made of the beauty spots of the Palo Duro.

Visitors present Tuesday were LeRoy White, W. S. Norman, Ben Anderson, Dan Thompson, all of Amarillo, and Frank R. Phillips of Canyon.

Jas. D. Williford Resigns as Pastor Church of Christ

James D. Williford has resigned as pastor of the local Church of Christ. He has been the pastor since last fall. He will engage in evangelistic work through the spring and summer and will reenter college this fall. He has been a student in W. T. since coming here.

The local church has made no plans for a pastor.

Women Needed For Work

There have been a number of calls for women to work during the past week which could not be filled at the Randall County Relief Office.

Women who wish to secure work should register at once as there are calls every week for work.

Citizens who need any kind of laborers should call at the Relief Office where information is on file of men available.

Wheat Allotment Opened to Farmers Not Signed Up

The Wheat Allotment program has been reopened in Randall County for the purpose of signing up any wheat land that was not signed in the regular campaign last fall.

There is no change in the rules except those signing now will not receive the first payment of the 1933 crop. They will be paid the last payment of about 7c which will be due this summer and the 1934 and 1935 payments.

Anyone interested in this may secure information at the County Agent's office.

There will be no additional reduction of acreage on farms already signed.

The reopening is only for the purpose of giving another chance to complete contracts.

Inspection of wheat farms will start within the next few weeks. Men will be selected for this work from a list of names submitted by the County Committee early next week. Farmers will be given preference in employing inspectors. Applicants should file their names in the County Agent's office not later than April 10th. It is expected that about 8 men will be employed.

City Ordinance on Milk To Be Enforced Here

The city health department finds that there is some misunderstanding as to the effectiveness of the milk ordinance. The ordinance is in force now, but a program of education has been put on before any steps are taken to prosecute any violations.

The ordinance provides that any one selling or handling milk or milk products must fulfill the provisions of the ordinance. Violations call for a fine of $10 to $200. The city does not wish to enforce the ordinance through the process of law, but will do so if all of the provisions of the ordinance are not fully carried out.

Boarding house operators and owners of family cows who sell milk must comply with the ordinance.

Many Students Are Here For Opening New W. T. Period

No check had been made yesterday of new students who had enrolled at W. T. for the last nine-week period of the college year.

Practically all of the old students had gone home over Easter, and these are returning to their classes, which started Tuesday.

Dr. J. A. Hill is in Austin where final arrangements are being made regarding the work of the teachers colleges for next year.

Traffic Officers Now Equipped With New Motorcycles

Frank P. Hicks and Shorty McCormick are riding new motorcycles. Delivery was made on the machines Thursday.

The city commission bought the new machine for Mr. Hicks.

Shorty McCormick, county highway patrolman, recently bought the county's motorcycle and traded it in on a new machine.

MRS. FERRELL HAS OPERATION

Mrs. Forrest Ferrell of White Deer underwent an operation for appendicitis yesterday at Amarillo. Mr. Ferrell and Dr. M. L. Saddoris were here for a short time yesterday afternoon.

Mr. and Mrs. Jas. Cole and Mr. and Mrs. Levi Cole visited the father of the men in Lockney Sunday.

FOUR CAMPS TO STAY UNTIL MAY 2 AT PALO DURO

One Then Moved to Temple and 1 Moves to Troy

COLP GIVES ORDER

1821 and 1828 Selected to Stay on Work at Palo Duro

D. E. Colp notified officers at the Palo Duro State Park Monday of the changes which will be made on May 2nd. Companies 1821 and 1828 will remain at the Park, while Company 1824 will move to Troy, and Company 1829 will move to Temple. It is presumed that the two companies will return here for winter work.

Mr. Colp stated that during April, before the changes are made, that work will be completed on several projects which are underway. The reduced force at the camp will work during the summer in completing the lodge and finishing the road through the Park.

Up to the present time the government has spent nearly $800,000 on the Palo Duro State Park, according to Mr. Colp.

S. O. Miller, who was superintendent at the Park, has been released from service in the Department. He was called to Austin last week. Miller was in charge of work here from last July until December, when he was succeeded by Major A. E. Kingsley.

Recruits for the four companies at the Park will arrive during this week. It is expected that each company will be filled to the 208 strength during the coming week. Colonel E. R. Coppock recently recommended that each company be increased to 225 in order to take care of those who would drop out during the period. This recommendation has not yet been acted upon.

Colonel Coppock has visited a number of towns during the past two weeks explaining the work at the Park and the army's part in the CCC movement. He is greatly impressed with the possibilities of the Palo Duro State Park, and is urging that it be used as the playground of the people of Northwest Texas.

Mr. Colp states that he will return next week for the cornerstone laying at the Park. Governor Pat M. Neff and Gus F. Urbantke, members of State Parks Board, will be here for the ceremony which will be held in connection

Earl L. Ogden Died Monday After long Illness

Earl L. Ogden, 34, died Monday at 11:25 p. m. at the home of his father-in-law, W. G. Rose. He recently was brought here from Seligman, Arizona, where he has been ill for some time. The funeral services were held yesterday afternoon at 3:00 o'clock at the Rose home, conducted by Miss Eva Thompson. The pall bearers were Glen Costley, R. E. Ball, George Nance, Mark L. Foster, Felix Neff and Wes Kleinschmidt.

Surviving are, the wife, Mrs. Arline Ogden; his parents, Mr. and Mrs. J. E. Ogden of Olton; five brothers, Alvin Ogden of Alpine, Ernest and Fred Ogden of Bakersfield, Calif., Harry Ogden of Lockney, Robert Ogden of Olton; two sisters, Opal and Marie Ogden of Olton.

Hog Contracts to Await Review of the State Board

Hog contracts in Randall county are completed, and must now await review by the state board.

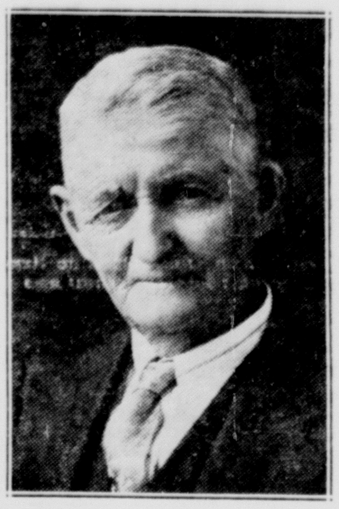

No definite time has been set for this review. County Agent W. H. Upchurch has been notified that the hog contracts must wait until the state committee completes its work on cotton acreage.

Mrs. Carl Hair and son and Mrs. S. B. Loudder visited in Lubbock Sunday.

City Commission Members Re-Elected

MAYOR C. R. BURROW

COMMISSIONER W. S. AMEND

COMMISSIONER H. W. CRAIN

Members of the present city commission were re-elected Tuesday without opposition. 97 votes were cast in the election, with Mr. Amend receiving all of the votes, while Mayor Burrow and Mr. Crain received 96 votes each.

All Relief Work Is Stopped Here

Lack of Funds Causes a Shut Down in All Projects

All relief work in Randall county was stopped Tuesday afternoon when the state office at Austin notified H. S. Strain, local administrator, that there were no funds with which to meet the pay rolls at the present time. It is feared that work cannot resume before April 15th unless the federal government makes an additional loan to Texas in order to resume work next week.

The free night school was shut down Saturday by orders from Austin. Two days' work was done at the College on plastering, but this had to be stopped yesterday.

J. H. Cox, Jr., chairman of the County Board, H. S. Strain, County Administrator, Elmer Wooten and I. U. Parker, of the relief office, were in Amarillo Tuesday to receive instructions as to the new relief set-up which is being inaugurated in Texas.

Of particular interest in the new set-up is the new "Work Relief" card which will enable the administration to properly supervise the "Work Division" activities. Those unemployed, who are actually destitute and are physically able to work, after a thorough investigation has been made definitely establishing their relief needs, will be given the opportunity to work and earn up to their estimated relief need requirements. This work card is so designed as to limit the payrolls to the actual relief re-

School Election Will Be Held Saturday for Trustees

Three trustees will be named Saturday in the election of the Canyon Independent School District. The names of the three trustees whose term of office expires, Sanders, Allison and Condron, will appear on the ticket together with Geo. W. Cox.

The following will be the order in which the names were drawn Monday:

Dan F. Sanders.
R. O. Allison.
Geo. W. Cox.
S. H. Condron.

Dr. Hill Speaks at Plainview Dairy Show, April 18th

Eugene Butler, editor of the Progressive Farmer will open the first educational program of the Seventh Annual Texas Panhandle-Plains' Dairy Show at Plainview, on April 17, and will be followed by State Superintendent L. A. Woods who will relate schools and the dairy business.

A second educational session at 1 p. m., April 18, will feature Dr. Bradford Knapp of Lubbock and Dr. J. A. Hill of Canyon, presidents of Northwest Texas' two state institutions and on April 19, Dr. Verne Scott of John Tarleton College, and Colonel Edward R. Coppock of Palo Duro State Park CCC camp will share time.

Another feature of the April 19 program will be a mounted basketball game between Lubbock Lions and Plainview Lions.

According to Professor Frank R. Phillips, who has arranged the educational sessions, this mounted basketball game was one of the most diverting features of the Fort Worth Fat Stock Show where it made its first appearance. Many agriculture students from Canyon, as well as dairymen will attend the show.

Legion Commander to Visit Canyon and Camp Today

State Commander L. Van Perkins of the American Legion will visit Canyon today. A luncheon will be given at the Presbyterian church at 1:00 o'clock, attended by ex-service men, and business men of Canyon.

The Palo Duro State Park will be visited this afternoon, and Commander Van Perkins will speak to the veterans at the recreation hall at 7:30 tonight.

REJECTED BEER SATURDAY BY 547 MAJORITY

2½ to 1 Vote Cast Against Legalizing Beer in County

THREE BOXES WET

Canyon Rolls Up 544 Majority Against Beer Issue

Legalizing the sale of beer in Randall county was rejected Saturday by a majority of 547 votes. In the returns 411 voted in favor of beer while 958 opposed the measure. The vote shows a majority of 2½ to 1 against the legalization of the sale of beer in the total vote of 1369 cast.

The majority against beer Saturday was much larger than the vote cast last August. Only three precincts, Nos. 8, 9 and 14, show a majority in Saturday's election in favor of beer. The majority of No. 9, South Amarillo, was greatly reduced from the majority of last August. The vote in No. 6 was again tied; last August the vote was 5-5, while Saturday the vote was 10-10.

The largest percentage against beer goes to No. 3, where a 10 to 1 majority was recorded.

Election observers in Canyon were confident by noon Saturday that those opposed to beer would win by a large majority when reports were received as to the number of votes cast here and in the South Amarillo box. As the number of votes increased in Canyon during the afternoon, it was very evident that the majority against beer would be very heavy. When the polls closed at 7:00 o'clock and the majority in Canyon was found to be 544 against beer, it was definitely decided that the county would continue dry by a very large majority.

This was the second attempt in 33 years to return legalized liquor to the county, and the results Saturday showed the largest majority ever cast in the county against liquor.

Several Pay Fines In Justice Court For Law Violation

The following cases were tried this week in the Justice Court of Fred E. Wortham:

J. T. Brown was fined in two cases of violation of the truck laws.

Chester Smith fined for reckless driving.

C. T. Holland fined for disturbing the peace.

O. Richmond, negro, fined for drunkenness.

Charles Young fined for being drunk, and bound out to the grand jury on charge of possession of liquor.

CCC Jobs Opened to Vets and to Young Men for Six Months

Four war veterans from Randall county and eight young men, 18 to 25 years, may secure CCC employment for the next six months. Information may be secured at the local Relief office.

It is possible that local veterans will be assigned to the Palo Duro work in order to be near to home.

Plainview Men To Visit Canyon Tuesday for 20 Minutes

Canyon will be visited next Tuesday afternoon from 2:10 to 2:30 by a delegation of Plainview citizens who are out advertising the Dairy Show to be held in that city.

The Plainview men wish to meet all of the people of Canyon on the public square at that time.

PANHANDLE MEMBER 1933 PRESS ASSOCIATION

Saturday's vote was most conclusive that the people of Randall county do not wish to legalize beer in this county. With a majority of 2½ to 1, the beer crowd should realize that they are hopelessly in the minority. To hold another election would only result in additional expense to the county. The only fear of the results of the election Saturday was that the prohibition forces might take things for granted and remain away from the polls. Now that beer has been definitely defeated, let's forget the issues, and join hands in building a better county in which people may raise and educate their families.

Congress overrode the veto of President Roosevelt in increasing the supply bill by $228,000,000. This sum goes to increasing the pay of federal employes and returning most of the pensions which the President pruned when the economy bill was passed. In most instances the pensions which were reduced should not be restored; but congressmen must hold their jobs, regardless of the condition of the treasury, and the pension racket has always been a favorite scheme by which large blocks of votes may be delivered to candidates. The government may now figure out what to use for money with which to pay this added expense.

Candidates in Collingsworth county are to be congratulated. They met last week, perfected an organization, elected officers, and decided to hold six public meetings during the campaign. All candidates pledged themselves that they would not attend any sort of box supper or pie social during the campaign. The campaign "racket" has become unbearable in many counties. All kind of schemes are concocted for the purpose of extracting money from the candidates. If the candidates will refuse to fall for these schemes, they will lose no votes, and be ahead many hard earned dollars.

Crime does not pay. C. C. Julian, ex-millionaire defrauder from Oklahoma, fills a pauper's grave in China. Samuel Insull, a man without a country, awaits in Greece to be deported to this country to answer for the collapse of his huge scheme, which defrauded thousands of their earnings. When men approach you with glowing descriptions of "easy" money and sure profits, consult your banker. Enterprises which are sound are usually financed without difficulty; the doubtful ones employ high pressure salesmen to extract coin from the unsuspecting ones.

The Civil Service Commission advises people not to take courses in schools which coach for examinations until they investigate whether or not there are openings in the service. Getting into the government service is not as easy as it may look. A former Canyon man passed all examinations to a government job nearly two years ago, and is in line when there is an opening, but still has not been called into the service.

A committee from the Texas Senate will visit the Panhandle next week to investigate the waste of natural gas. It is charged that more gas is being wasted daily than is used. There is no law at the present time which will stop the waste. The committee of Senators will arrive in Amarillo Monday, and during the week will visit W. T. and the Palo Duro State Park.

The need of a clean up campaign in Canyon is very evident, following the high winds of the past week. The town looks ragged, and needs a spring cleaning. When plans are made for this campaign, let every citizen join in making the clean up campaign a great success.

Alfalfa Bill Murray of Oklahoma will have to call out the national guard. While the "gin wedding" law was effective in Texas, many couples went to Oklahoma to get married; now Oklahoma couples are coming to Texas because the price of the marriage license is lower.

Gain in War Against Crime

In east and midwest, justice has won more victories in its war against gangland. In Chicago, Basil Banghart, upper left, Touhy gangster, was convicted for his part in the kidnaping of John Factor. In Albany, N. Y., Manny Strewl, top right, was found guilty of the kidnaping of John J. O'Connell last July. Under heavy guard in Lima, O., to prevent John Dillinger from aiding them to escape, Charles Makley and Harry Pierpont, left and right below, have faced juries for the murder of Sheriff Jess O. Sarber last October. Pierpont was convicted and sentenced to death in short order.

CONOCO INTRODUCES
A Remarkable new MOTOR OIL

Its lower consumption and greater protection to motors proved by the most convincing test ever made!

THIS new oil has a tremendously increased "film strength"—and a penetrative oiliness to always protect your motor. The "Hidden Quart" never leaves a dry spot or a bearing without lubrication—it resists dilution—and eliminates much trouble caused by carbon and sludge.

The process which gives these exclusive new features is protected by recent U. S. patents. Conoco refines a high quality paraffin base oil and *then adds the extra oiliness that is absolutely necessary to obtain the protection and low consumption every motorist should demand.*

New and Improved Conoco Germ Processed Motor Oil excels in the most convincing test ever made, under the supervision of the AAA Contest Board.

IN presenting New and Improved Conoco Germ Processed Motor Oil you are furnished *facts of performance.* You will at once be convinced of the direct value of this new oil. A test so dramatic, so honest, that it will go down in history!

This test was held at the Indianapolis Motor Speedway. The Contest Board of the American Automobile Association supervised all details, thus assuring an unbiased opinion. Six new regular stock cars were delivered direct to them. They tested and measured each to obtain an equal condition in all.

Six brands of motor oil, of the same S. A. E. grade, were used. Five of them, all purchased by the AAA on the open market, were nationally known, widely recognized leaders. The other one was New and Improved Conoco Germ Processed Motor Oil. All cars were then carefully broken in for 2500 miles. Five quarts, a new and complete fill, were put in each car and the crankcases sealed. Then the real battle for supremacy began. The cars were driven for as long as the motors continued to operate.

Here are the results: Oil No. 4 quit at 1713.2 miles; Oil No. 6 quit at 1764.4 miles; Oil No. 5 wrecked the motor at 1815.9; Oil No. 1 ceased its lubricative protection at 2266.8 miles; and Oil No. 3 at 3318.8 miles.

New and Improved Conoco Germ Processed Motor Oil carried on to a total 4729 miles! Over three thousand miles farther than the first oil to go out, and over fourteen hundred miles farther than the final oil of the five!

It is the Germ Processing principle, only used by Conoco, that won the test. This "Hidden Quart" that lubricates all parts at all times—that stays up in your motor and never drains away. Drive into a Conoco Station or Dealer for a fill. You are getting the most in lubrication value that money can buy.

AAA Sanction No. 3001

1 *The Representatives of the Contest Board of the AAA who supervised every detail of the test.*

2 *Five quarts of each brand of oil were carefully put in the cars by AAA officials.*

3 *The official sealing of crankcases after final fill of five quarts was put in.*

4 *These were new motors before the test. They were wrecked to prove to you how to protect yours.*

THE HIDDEN QUART STAYS UP IN YOUR MOTOR AND NEVER DRAINS AWAY

Warning TO NEW CAR OWNERS . . .

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than many straight mineral oils now on the market.

Protect your new car by using the motor oil you can be sure of.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men

Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and constipated. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poison. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.

Refuse "something just as good", for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M.Co.

In Use Of Gas

In the above photograph, a laboratory chemist is checking the radiant efficiency of a radiant type heater by means of a thermopile heat recording instrument. This is only one of a large number of tests which a radiant heater must pass in order to receive the BLUE STAR Approval Seal, and is your ONLY certain assurance of satisfactory construction and performance.

When you go into a hardware or furniture store to look at new radiant or other type room heaters, what qualities do you look for in the heaters shown to you? Isn't it a fact that size, type, appearance and price are about the only points you are readily able to judge?

Yet there are certain fundamental qualities ANY room heater you purchase should have, regardless of size, type and appearance. The particular construction of the burners, air mixers, air shutters, cocks, ignition, manifolds, gas connections, flue outlet and other parts make the utmost difference in the performance and safety of the heater—yet, when correct, do not add appreciably to manufacturing or selling cost.

But you are not able to judge these points and determine whether the heater that appeals to you is so constructed that it has a minimum fire hazard, gives off no carbon monoxide, is economical with gas, is sufficiently durable and long-lived, and will provide the heating qualities desired. In fact, it has taken a special committee of the American Gas Association since 1924 to formulate a satisfactory yet reasonable set of approval requirements for gas room heaters.

To know whether or not the new room heaters you purchase meet these carefully drawn approved requirements, all you need to do is to look for the American Gas Association's Blue STAR Seal of Approval. It will be found on ALL heaters or gas appliances which have met the laboratory tests, and on NONE which have not. If you cannot locate this BLUE SEAL on the side or back of the appliance, BEWARE! You do not want to own such a heater at any price—fo there are plenty of approved heaters on the market in a wide selection and at popular prices which possess the BLUE SEAL.

When shopping for a new gas appliance, ask the dealer to show you only those appliances which have this approval seal—as this is more important than all other considerations combined.

Spring or Winter—Which?

"If winter comes, can spring be far behind?" In this lovely scene, taken at Switzerland's St. Moritz, both spring and winter seem to be present. But it's just an optical illusion. The tree in the foreground is not blossoming—it's a fir, burdened with clinging snow.

Harold Bugbee Has Exhibit of Paintings at Museum Building

A one-man exhibit of paintings, featuring oils from the brush of Harold Bugbee of Clarendon will be one of the special attractions of the Panhandle-Plains Historical Society meeting here on April 13.

The paintings have already been hung in the Mary E. Hudspeth Art Gallery of the Museum and may be seen by visitors on Tuesday, Thursday or Saturday from two to six o'clock, as well as on the day of the annual meeting of the Historical Society.

In the exhibit will be seen 14 oil paintings including "The Trail Herd Entering the Canyon," "Bucking Bronco," "Indian Spearing Buffalo," and several interesting pictures of elk, bear, deer and a lone trapper.

Handsome paintings of Colonel Charles Goodnight, and of Colonel T. S. Bugbee, both done by Harold Bugbee, are also a part of the display.

From his boyhood Mr. Bugbee has been more interested in portraying the Southwest, both past and present, than any other object. His work has brought favorable comment wherever his paintings have been exhibited, and many of his recent pictures are now on exhibit in the east. One of the most interesting of the oil paintings in the Canyon exhibit tells a story of branding time. The glare of the sun, the heat of the fire, the smell of burning flesh and hot leather, the fear of the calves are all so realistic that even the tenderfoot can correctly interpret the scene. In the Trail Herd Entering the Canyon, the heat of the day has passed, and long purple and blue shadows, the tired cattle and horsemen all combine to suggest evening, the end of the journey, weariness and promise of peaceful rest.

The exhibit will remain until April 14, and perhaps for a longer time.

Wilson Items

The picnic and Easter egg hunt was held in spite of the norther. Those attending besides the school children were Mr. and Mrs. John L. Brandt and baby, Mr. and Mrs. Geo. M. Wilmoth and baby, and Rubel Rhodes.

Get the Hook; Crocheted Hats in Vogue

A CHIC LITTLE INEXPENSIVE BONNET WILL REWARD MILADY FOR A FEW HOURS SPENT WITH THE NEEDLES

BY HARRIET

AMERICAN women are becoming more and more interested in making things for themselves. This spring there is a real vogue for crocheted hats and, if you're handy with the crochet hook, there's no reason why you can't make several flattering little spring bonnets at practically no expense.

The smart off-the-face hat, shown in the illustration, requires only one fold of crepe paper—any color you prefer—and a little grosgrain bow, feather fancy, or a colorful pin for trimming. Here are the directions for making the hat:

Cut the crepe, across the grain, into strips ⅝ inch wide. Stretch and twist the strips, either by hand or by putting them through the crepe paper twist (a little inexpensive wooden gadget sold for the purpose). Use a No. 0 steel crochet hook.

• • •

CROWN: Chain 3 stitches, put hook in first st, slip st to join in loop. ROUND 1: 7 s c in loop. ROUND 2: 2 s c in each s c of previous row. ROUND 3: • 1 s c in next st, ch 1 •, and repeat from • to • to end of round. ROUND 4: s c in first st, • ch 1, skip 1 st in previous round, s c in next st •, and repeat from • to • to end of round, increasing enough to keep work flat. Crochet in pattern until circle measures 6½ inches in diameter. Crochet in pattern, without increasing, until depth of crown measures 5½ inches. Break thread, and, starting at center side, crochet in pattern around back, finishing at center of other side. • Break thread and, starting a few stitches away from the beginning of last row, crochet in pattern around back, finishing a few stitches away from end of last row •.

NEXT ROUND: Repeat from • to •. Crochet in pattern around crown for about 6 rounds, or until depth of crown from center top measures approximately 6½ inches at center front and 7¼ inches at center back.

Here is a smart spring off-the-face hat that is inexpensive, and easy to crochet. Besides crepe paper in the color desired, all it needs is a little grosgrain bow, feather, or pin for trimming.

• • •

BRIM: Chain enough stitches to fit a 22-inch head size when finished (work will draw up somewhat as it is being crocheted). Join ch with slip stitch. ROUND 1: Crochet in pattern. ROUND 2: Crochet in pattern, increasing every other stitch. Crochet about 11 more rows, or until brim measures 2½ inches, crocheting in pattern without increasing. Sew brim to crown and drape brim off face in front. Hat will be improved greatly if blocked, which can be done easily and inexpensively by any milliner.

There is an inexpensive water-repellent solution if you wish to protect the hat against rain. This is a colorless liquid which will not change the color of the crepe and will not give it a gloss.

Bootleggers, Balked by Repeal, Are Turning to Counterfeiting

The scene above shows a counterfeiting plant in Brooklyn, N. Y., at which secret service agents found $1,000,000 worth of spurious currency. Beneath the table, indicated by an arrow, is one of the sheets, on which is printed 27 bills. Captain Thomas Callaghan of the Secret Service is shown at right, with a half million dollars in counterfeit money, recently seized in Chicago.

BOOTLEGGERS whom repeal deprived of their livelihood have taken to more direct means of making money. This, says the Secret Service, explains the increased activity of counterfeiters.

In recent months, Uncle Sam's detectives have been kept on the jump tracing the source of phony $5 and $10 bills which have been littering the nation.

There are other factors; hard times, for instance, and the availability of the automobile for "passing the queer" in small towns and passing swiftly on to distant points.

Practice obtained in making false sweepstakes tickets, internal revenue stamps and liquor labels has helped the professional counterfeiter develop his craft almost to perfection.

• • •

COUNTERFEITING rates with kidnaping as one of the meanest rackets. The victims of false money nearly always are people who can ill afford to be duped. Newly arrived immigrants, for instance, are notoriously "easy" prey.

They have even been known to accept cigar coupons for real money; also counterfeits on which were pasted newspaper photographs of Al Smith and Jimmy Walker.

In the last decade, Americans have lost more than $75,000,000 to the illegal "money-makers." Compared to people of other countries, United States citizens are absurdly easy to fool with bad money.

Yet false money isn't so hard to detect. Counterfeiters obtain very fair reproductions of bills by photographing and making copper engravings of each side of a treasury note, and then printing on onion skin or bond paper. They may even use genuine currency paper, obtained by bleaching bills of small denomination. But, although a genuine and a phony bill may seem alike as two peas in a pod, it's not hard to pick out the bad one.

Almost always, the coloring of the serial numbers and in the seal and back of the false note is defective. And the fine cross-hatch lines in the background of the portrait are almost certain to be lacking, or broken and indistinct.

Likewise, it isn't difficult to detect currency on which the numbers have been altered, raising it from a low to a higher value. All a person has to remember is that the head of Washington appears only on the $1 bill, that of Lincoln on the $5, and of Alexander Hamilton on the $10.

It is harder now than it was to spot fake coins, since counterfeiters have found a way to make them ring as clearly as an original; more clearly, in many cases, since newly minted coins frequently have a dull ring. But a counterfeit coin has several earmarks. The indented lines on the serrated edge of the bad coin are not all parallel; it has a tendency to turn dark and tarnish quickly; it is glossy in appearance and has a greasy feel.

On these "slugs," a tiny smooth place usually is evident on the surface edge as a result of the incomplete circle produced by the "gate" of the mould.

If each American was to examine his money more carefully, it would help enormously in stamping out the counterfeiter. According to a prominent Secret Service official, "Detecting counterfeiters without public co-operation is almost an impossible job. The wide circulation of spurious money after Treasury Department warnings and newspaper publicity have blanketed the country can be ascribed only to public carelessness.

"Until that carelessness is changed to vigilance, counterfeiters will continue to rob the public of millions of dollars each year."

Mrs. Emmitt Burford and Mrs. Aubrey Jones of Lubbock were guests of Mrs. E. W. Woods from Friday to Sunday.

Next to rough weather, nothing is quite so disconcerting as rough streets.

If you have a secret that is worth keeping it is worth telling to your friends.

A man may be as old as he feels, but frequently not as young as he acts.

Postmaster General Farley claims there is more honesty among politicians than any other class. Americans in general must be a depraved lot.

When the overhead increases, it's a good idea to look for the ivory heads that are causing it.

If you think your work is hard, how about bank clerks who count other peoples money all day.

Revenge is sweet only to the very small individuals.

It's no use to kid yourself into thinking you're young when you can't walk up two flights of stairs without puffing.

Borrowed plumage may be all right in some instances, but it wears off in time.

THE EAGLE'S TALE

VOLUME NO. 8 | CANYON, TEXAS APRIL 5, 1934. | NUMBER 29

Wal, April Fool day has went by and I didn't even get fooled a time. Aw—I take it back—I was fooled cause nobody tried to fool me. I bet a bunch uv kids wuz really mad cause April fool wuz on Sunday instead during the week. It sorta ruined their plans uv playin' hookey to fool Mr. Carruth.

Speakin' uv playin' hookey—them seniors are gonna sneak off some day and leave you lower class men holden the bag. Any uv you kids who are jist pansies (fer instance Fat Childers) and are scared you can't take it (meanin' the surprise of the seniors not being here), then jest cum to me, I'll put you wise as to the date of their sneakin'.

Say! What's the big idear uv all the motorcycles? Why its getting to where you can't tell when to slow your car down—cause you don't know whether its a cop comin' or jest sum kid. When I went to school when I wuz a kid, I rode horseback, and I never did turn over, have a fla, run out of gas or get "stuck" fer speeden. Now-a-days, its the latest thing to ride a motorcycle. Now, I'm not sayen that I'm old fashioned, but I still like my horse. I'd be willin' to bet that you'd have a better chance uv liven' to tell your kids about "when you wuz a boy," if you ride a horse to school, than you would if you ride a motorcycle.

Boy I know a good one on a girl who had her picture made for the senior bunch to hang on the wall. Mrs. Britain told this gal to look intelligent (if she possibly could) and as a help to make her smarter lookin' Mrs. Britan says, "Think of some book that you've read." Now that I've seen that gals picture I'm inclined to believe that the gal musta been thinkin' uv the "Ballyhoo" magazine.

Wal, here's hopin' that you-all's stunt night is a "walkover."

CACTUS CAL.

P. S.—As a suggestion to the gift committee uv the seniors as to what to give the school, I'd say a life size picture of Owen Miller would do to hang in the hall right under the clock so everybody could see it as they came in. But here's the question about that—if you made Owen's, then you have to have another picture to go with it, cuz I know Owen wouldn't want to decorate the halls unless Marie helped. —C. C.

Practice on Senior Play "Shirt Sleeve" Begun Tuesday

The cast for the senior play, "Shirt Sleeves," has been chosen and will begin work this week, under the direction of Miss Irene Angel.

This is a royalty play, which has just been used by the Senior Class at Central High School, Kansas City, Kansas.

The parts of 46-year-old Franklin Rand and his wife, Julia Rand, will be taken by Marian Tucker and Lee Christine Cousins. Mr. Rand is well groomed, gentlemanly and admirable man, but allows himself to spend his money too freely during times of prosperity, and to give up in despair in times of depression. Mrs. Rand, who has been spoiled by a life of comfort and ease, manages to conceal her 42 years through the great skill of her beauty parlor operatives.

Dora Mae Plaster as Diana Rand, the 17 year-old daughter, is the projection of all her mother's worst characteristics. Her good points are deeply concealed.

An individualist, a social rebel, but good at heart is the character of Donald Rand, played by J. M. Allred.

Esther and Theodore Rand played by Loura Ferne Brian and Ernest Duncan are heartily mischievous twins.

Francis Elliston takes the part of Norman Aldrich, a boy of 19, an ardent admirer of Diana, and a typical figure in every family's problems.

Bobby Jo Cheyne takes the role of Margie Scanlon, is a girl of twenty years whose life has been one long struggle. She is in direct contrast with the Rands.

Kitty, played by Armor Lee Greenfield, is an Irish cook, who is very loyal to the Rand family. Being very loud, she is the life of the party.

Wesley Williams, cast as Elmer, is Kitty's milkman sweetheart. He has little to say but shows much action.

Athalee Overton and Helen Hardman are just two more girls, Clarissa and Midge. They are seventen year old girl friends of Diana, and are full of nervous excitement, little else.

Dan Gerald, as Richard Crandal is a man of 45, who appears to be suave and smooth, but rascally when ruined.

The other characters are Alton Brasuel, auctioneer; Robbie Foster, Alpha; Leona Hardman, Omego; and two baggagemen, Francis Leech and Wilson Hicks.

Agriculture Class Makes Visit To Amarillo Firms

On Friday, March 23, the agriculture class of Canyon High School, under the supervision of A. L. Jones, visited the most important agriculture and commercial plants of Amarillo.

The first plant visited was the Pinkney Packing Company where the group was taken through the entire plant and shown the process of killing and packing beef. After the trip was finished the plant officials were kind enough to give the boys about one hundred wieners.

The second plant visited by the boys was the Borden Milk and Ice Cream plant. There the boys were shown how the milk enters the creamery, and the processes it goes through until it leaves the plant. They were shown also how ice cream is made. When they started to leave the officials gave them two custard cups each.

The third plant visited was the Coca Cola bottling plant. There they were shown how Coca Cola and other drinks are made, and the process each bottle goes thru until it leaves the plant. Before leaving the boys were given two bottle of pop each, along with some pencils and blotters.

The last place visited was the Amarillo Bakery, but as the machinery in the bakery was out of order the boys did not get to inspect the bakery, but instead they all went to a show. Those making the trip were Ed Brooks, Benson Clounch, Ray Ford Rusk, Ralph Rusk, Harold Byars, Wayne Byars, Emil Olson, Herschel Burrus, J. C. Bellah, Herbert Mariner, R. E. Prichard, C. L. Drummond, and Woodrow Hicks, and Mr. A. L. Jones.

Pilgrim Plaque Given By Seniors Class of 1914

As you walked down the main hall in the high school, have you ever noticed the plaque of the Pilgrims in the south end of the hall? "That is quite an historical plaque; it was brought over from the old building and was given to the school by the class of 1914," according to Superintendent I. B. Carruth. The Seniors under Mrs. Vera Shinn, dedicated the plaque to the school. The members of this class with the town in which they now reside are as follows. Edith Eakman, Merkel, Texas; Zerah McReynolds, Amarillo; Annie Smith, Amarillo; Lyle Holland, Mineral Wells, Ernest Smith, Marlin; Renna Craig, Canyon; Frank Shotwell, Canyon; Walson Thompson, Mineral Wells; Edna Key, El Paso; Louis Lair, Kansas City.

STUNT NIGHT BIG AFFAIR APRIL 10TH

King and Queen Will Be Crowned In Regal Splendor

One of Canyon High School's biggest yearly attractions is almost here. It is Stunt Night, which is to be held Tuesday night, April 10, in the Canyon High School auditorium.

Everybody be there! There will be laughs by the dozens, and their majesties the Queen and King of Canyon High School will be crowned.

There will be seven stunts ranging from the hilarious to the glamerous. The Press Club, Girl Scouts, Tawamana Club, Freshman-Sophomore and Junior-Senior Home Economics Clubs, the Pep Squad, and the Boys' Athletic Club will present stunts. A prize of $2.50 will be awarded the organization which presents the best stunt.

The Freshmen are running Mary Collins and Jack Middleton as candidates for the throne. The sophomores are working to put over Mary Ella Davis and Wesley Cox. The juniors have as their candidates Edith Steen and Wade Johnson. The seniors are plotting to enthrone Armor Lee Greenfield and Dan Gerald. If you wish a good seat, come early, as a large crowd is expected. The show is bigger and better than ever and it's just 10 cents for everybody.

Supervisor's Column

The entire faculty and student body of the Canyon Grade School regret that their principal, Mrs. C. E. Strain, is still unable to resume her duties. During her absence, each teacher and each pupil has been doing his or her best to carry on the school work as efficiently and smoothly as possible. Our sincere wish for Mrs. Strain is a speedy recovery.

The attendance of the Grade School is again reaching normal, after the recent epidemic of measles and whooping cough. The grades of the children who have been absent will not be recorded until each child has had an opportunity to make up the work missed.

An unusual amount of interest was shown in the recent declamation, story telling, and spelling contests that were held on March 29th. These activities require a great deal of special study and training. We are proud of the good work done in these activities, as they are carried on outside of the regular class-room routine, and we believe each contestant has received valuable training and experience through these various extra-curricula activities. The winners are as follows: Declamation: Girls, Pauline Cluck, first; Sarah Thompson, second. Boys, Walter Richeson, first; Vaughn Vandergriff, second. Tiny Tot Story Telling: First and second grades, Georgie Faye Holt; third and fourth grades, Alvie Myers; Spelling Martha Frances Campbell.

On March 30, a Faculty Meeting was called to discuss plans for the giving of the final set of Achievement Tests. The results of the tests are used as a basis for rating and classifying students in their respective groups.

Science Grade Book Is Survivor Of Physics Fire

With a darkened room illumined only by several candles, the Physics class of Mr. Aubrey Fox started its experiment last Wednesday afternoon on the laws of illumination, and the candle power of an unknown light.

When about half of the experiment was finished, a candle dropped into a drawer of Mr. Fox's desk and the contents caught fire. Although several papers were burned, unluckily the grade book was preserved.

April Birthdays Among West Texas Showers

"Monday's child is fair of face."

If you don't believe it, ask Joe Winstead, whose birthday comes on Tuesday, April 30. Other of C. H. S.'s fair ones are: Mary Strain, whose birthday will be celebrated, Monday, April 9, and Lorine Mickle and Beulah Brasuel, with birthdays also on the 30th.

"Tuesday's child is full of grace," but (Ah! Well!) the records mercilessly reveal that Canyon High School quite evidently has no grace.

"Wednesday's child is full of woe." Frances Goggin's Wednesday, April 4, is, according to most of the senior boys, The World's Worst Woeful One.

"Thursday's child has far to go." Lorene Bessire, whose anniversary will arrive Thursday, April 5, came from Wyoming, but Virginia Burgan and Avent Lair (it is whispered that Virginia has noticed a marked resemblance between herself and Avent) have yet to make their journey.

"Friday's child is loving and giving." Especially Francis Elliston with his birthday on Friday, April 27, but J. C. Bellah, who picked, this year, Friday the 13th, upon which to have his birthday, has a few misgivings.

Notice, for example, the hard working Wesley Williams' birthday Saturday, April 9, or Mable Schmitz, April 31, or even Ralph Rusk and Jack Inman, who celebrate Saturday, the 28th and 14th.

"But the child that is born on
the Sabbath day
Is blithe and bonny and good
and gay."

"That's me!" shouted Roland Black, Jack Middleton, and Raymond Stallings, whose birthdays all come on Sunday, April 29.

Well, Happy Birthday!

Rev. Beavers Speaks To H. S. Students at Methodist Church

"And I was afraid, and went and hid thy talent in the earth: lo there thou hast that is thine." This verse taken from Matthew 25th chapter, 25th verse, was the text of Rev. M. M. Beavers of Clarendon last Wednesday night, which was High School night at the Methodist church.

After giving several examples of the folly of being afraid, Rev. Beavers said that the students in high school could learn to conquer cowardice, they would have useful and happy lives.

Jowell Carries Off High Honors of County Meet

On Saturday, March 31, the Randall County Track Meet was held at the Canyon High School track. Jowell, a rural school, took first place in the entire meet with 206½ points.

Canyon High School juniors were able to take a first place in every track event of the day except playground baseball. In this event the Trigg junior boys took first place, while the Canyon Grade School girls were able to take this event from the high school juniors.

One of the most exciting events of the day was the 440 yard relay, in which the Canyon High School boys team composed of Prentice McKee, Estell Furlow, Jack Neal Jennings and Leslie Lisle, were able to win only by a small margin.

The Canyon High junior boys placed first in the 50 yard dash as well as second. Burch school took third place.

The 100 yard dash was taken entirely by the Canyon High juniors, with first, second and third places.

The Canyon High Juniors were able to win the high jump and broad jump by the ability of Leslie Lisle who won first place in each with Braddock of Burch school taking second.

The horseshoe pitching was won by the Jones brothers of Trigg school.

Canyon High juniors again took first place when Jack Neal Jennings and Estel Furlow tied for first place in the bar chinning, with 25 times each. Robertson of Jowell was second with 11 times.

Leslie Lisle of Canyon and R. Braddock of Burch were the outstanding men of the meet. Leslie entered five events and finished first in all of them. Braddock entered four events and finished with three second and one third.

Although the day was dusty and the wind was blowing, the meet was run off with a better success than was expected.

Disease Prevention Discussed In Two Special Meetings

Special assemblies, for the purpose of discussing preventitives for the spreading of contagious diseases, were held last Friday, for the boys and girls in the study hall and in the auditorium.

Miss Lois Goodrich spoke to the girls and Superintendent I. B. Carruth to the boys. Extreme caution in preventing the spreading of the contagious diseases, most prevalent among the students, was stressed. Bodily cleanliness was shown to be most essential. The test for diphtheria was advised for all, and the serum for those proving susceptible to the disease.

WHY SPREAD DISEASES?

Why spread diseases? Various students of Canyon High School have been coming to school even though they know they have some contagious disease. Perhaps it is because they do not wish to miss school, but they should consider other people. Would it not be better for one person to miss school than to run the risk of causing others to catch the disease and having them to be out of school also? Sometimes children are allowed to go to the show or some other public place when they have some contagious disease. Needless to say, this is very dangerous, for it results in much sickness, and sometimes even in death.

HOW ABOUT A PIN, SIR?

When debaters win a tournament, they receive loving cups. Winners in extemporaneous speech are given cups. Football and basketball players are awarded sweaters for honors they win for the school.

Which of these does more for old C. H. S. than the members of the Eagles Tale staff?

These staff members work and work hard on the paper every week in the year instead of a short period. Although they are not in contests in which they can excell, they turn out work which is just as important to the student body and school system as what is done by students in other activities. But they receive nothing except criticism if mistakes are made.

Last year for the first time, pins were received by the staff after they had labored on the side to raise money for the pins, but this year there seems to be no money for it. Therefore, the Press Club is having to make up money to buy its members pins.

The entire school should appreciate The Eagles Tale enough that each person would like for the producers of it to receive some sort of award for their efforts. You can show your appreciation by helping them raise funds for the pins.

Freshmen Support Candidates With Box Supper, Tues.

Tuesday night, March 27, the Freshman class had a box supper in the high school auditorium to raise money to put over their king and queen.

The freshmen have for their candidates, Mary Collins and Jack Middleton.

J. C. Bellah did his part toward crowning them king and queen by paying $1.90 for Carolyn Mayfield's box.

King Middleton had the privilege of eating with Queen Collins for only eighty cents.

The most interesting part of the program came after all of the other boxes had been sold and the boys sought the girls with whom they were to enjoy the contents of the boxes.

Women Contribute to Exchange Recipe Column

In order to make this column of the most value, recipes for every day dishes as well as for the fancier dishes are being requested. If you have a particularly good way to combine left-overs into a tempting dish, other column readers will be glad to have it. However, it is hoped that recipes for breads, salads, meats, meat substitutes, pickles, relishes, pies, cakes, and drinks will be sent in voluntarily every week. The generous response of the readers to the column thus far is greatly appreciated.

MACARONI SALAD
Mrs. I. B. Carruth

1 package of macaroni, cooked and cooled
1 small glass pimentoes
6 pickles, sweet or sour
1 tsp. chopped onion
4 blades celery
½ lb. American cheese, chopped
2 hard boiled eggs
Salt and pepper

Mix ingredients and add salad dressing.

VEGETABLE SALAD
Mrs. W. H. Upchurch

2 hard boiled eggs
1 cup peas, drained
1 cup chopped celery
1 apple
1 sweet pickle
1 sweet pepper or pimento
¼ cup cheese
½ cup carrots, grated
Salt and paprika to taste.

Miv ingredients with salad dressing and serve on lettuce leaves. Garnish each plate with thin slice of tomato.

UNDER THE SEA SALAD
Mrs. I. B. Carruth

1 pkg. lime Jello
1½ cup boiling water
½ cup pear juice
1 tsp. vinegar
¼ tsp. salt.

Pour a scant half of the above mixture in flat pan. Allow to get cold.

Let the remainder of Jello cool until it begins to thicken. Beat into froth with Dover egg beater. To this add: 2 small packages of Philadelphia cheese—mashed with ⅛ tsp. ginger, and 2 cups canned pears, chopped up or cubed.

Pour the second mixture over the hardened Jello, and allow to set. Serve on lettuce with topping of mayonnaise.

DRIED LIMA AND HAMBURG CASSEROLE
Mrs. Dan K. Usery
(Serves 6 to 8)

2 cups dried lima beans
1 lb. hamburger meat
1 No. 2 can tomatoes
1 cup sliced onions
3½ tsp. salt
⅛ tsp. pepper
1 tsp. mustard
2 tsp. sugar

Cover limas with water and soak over night, and drain. Combine meat, ¾ tsp. salt, the pepper and mustard. Mix tomatoes, remainder of salt and the sugar.

Arrange the limas, meat and tomatoes in alternate layers in a 2-quart casserole. Bake covered, in a moderate oven of 350 degrees for three or four hours.

VEGETABLE MEAT PIE
Mrs. J. L. Duflot

½ cup lima beans
¼ cup peanuts
¼ cup almonds
4 potatoes
¼ cup flour
½ cup hot milk
1 hard boiled egg
½ tbsp. chopped parsley
½ tbsp. chopped onion
½ tsp. salt
Sprinkle of pepper

Soak the beans over night; in the morning let them boil rapidly for ½ hour. Drain; slip the beans from their skins and split them in halves. Blanch the almonds and chop them with the peanuts. Boil the potatoes and when done, cut two of them into small cubes. Mash the remaining two and use them for dough, adding 4 tbsp. of hot milk, a little salt and the flour. Put a layer of beans in the bottom of the baking-dish, a sprinkling of nuts, a little hard-boiled egg, potato cubes and seasoning. Then more beans, nuts, egg and potato until all is used. Roll out potato dough, the size of baking dish; put it over dish, brush with milk. Bake in moderately quick oven.

BREAD AND BUTTER PICKLES
Mrs. Levi Cole

1 gallon cucumbers
8 small white onions
2 green peppers, shredded
½ cup salt.

Select crisp, fresh cucumbers, wash, but do not pare. Slice crosswise in paper thin slices. Slice the onions thin and cut peppers into fine shreds. Mix the salt with the three vegetables and bury pieces of cracked ice (about 1 qt.) in the mixture. Cover with a weighted lid and let stand three hours, then drain.

Meanwhile make a pickling syrup of:

5 cups sugar
1½ tsp. tumeric
½ tsp. ground cloves
2 tbsp. mustard seed
1 tsp. celery seed
5 cups vinegar (not too strong)

Mix the sugar, tumeric, cloves together. Add the mustard and celery seed and the vinegar and pour over the sliced pickles. Place over a low heat and paddle occasionally, using a wooden spoon. Heat the mixture to scalding, but do not boil. Pour into hot sterilized jar and seal.

CRANBERRY JAM
Mrs. Howard Rogers

1 lb. cranberries
2 cups sugar
2 cups water

Cook cranberries in water until they have all burst. Mash thoroughly with a potato masher. Add sugar, cook just long enough for the sugar to be dissolved and blended. Pour into molds. If preferred the skins may be sieved out.

ESCALLOPED CORN
Mrs. Wm. Ash

1 can corn
1 pint milk
2 eggs, beaten
6 or 8 crackers
½ cup sugar
Lump of butter
Salt and pepper to taste

Beat eggs, add milk and other ingredients. Bake in moderate oven.

FIVE MINUTE CABBAGE
Mary Jane Williams

1½ quart shredded cabbage
3 cups sweet milk
1 cup cream or rich milk
2½ tbsp. butter
2½ tbsp. flour
Salt and black pepper.

Cook the cabbage for 2 minutes in the 3 cups of hot milk. Add the cup of cream or rich milk, the blended butter and flour, and the seasoning and cook rapidly for 3 or four minutes. The result is a crisp vegetable, delicate in flavor and color.

SWISS CALF LIVER
Mrs. Josephine Chamness

1 lb. liver
1 cup tomatoes
1 egg
1 cup cracker crumbs (rolled fine)
1 medium size onion
1 cup cooking fat
1 med. size sweet pepper
1 tbsp. cream
¼ tsp. salt
Dash of black pepper.

Beat the egg light, add cream, salt and pepper. Dip sliced liver in the mixture, roll in cracker crumbs and fry in hot fat until brown. Remove from pan. Leave 2 tbsp. fat in pan to which add one tsp. flour, shredded onion and pepper. Brown slightly, then add liver, pour over cup of tomatoes, cover and cook slowly for twenty minutes.

MEAT LOAF
Mrs. Clyde Davis

1 lb. veal meat (with just a little pork mixed)
1 can Heinz tomato juice
1 medium onion, chopped pretty fine
2 green peppers
1 egg
1 tbsp. sugar
1 tsp. pepper
2 tsp. salt
1 cup bread crumbs or substitute cracker crumbs.

Pour hot water over bread crumbs and mix with other ingredients. Keep the loaf well basted while baking. Bake about 45 min.

CHILLI
Mrs. J. S. Humphreys

1 lb. round steak, ground medium. Put meat in hot bacon grease and cook until brown. Pour water over meat and let cook until tender.

Add as much chilli powder and salt as desired. When nearly done sift in ½ cup corn meal and cook 20 minutes, stirring often.

TAMALE LOAF
Mrs. J. A. Guthrie

½ cup shortening
1 med. onion, chopped
2½ cups canned tomatoes
1 cup corn meal
2 cups left-over or raw pork or beef, ground
2 eggs
1½ tsp. salt
½ tsp. pepper
1 tsp paprika
¾ cup canned corn

Fry onion with shortening until lightly browned. Add tomatoes; when hot stir in corn meal. Cook ten minutes. Stir to prevent lumping. Remove from fire. Add seasoning, meat, canned corn and eggs. Blend thoroughly. Pour into greased loaf pan. Bake 45 minutes in moderate oven, 350 degrees.

PEANUT BRITTLE
Mrs. Clarence J. Bauer

2 cups sugar
1 cup water
⅔ cup Karo

Mix and boil until it forms a soft ball when dropped in cold water. Add two cups of peanuts, either raw or roasted, and cook until it crackles in water. Take off fire and add 1 tsp. soda dissolved in 1 tbsp water and stir well. Spread on buttered tin. Cool and break into odd pieces.

DATE PUDDING
Mrs. C. M. Presley

1 cup sugar
2 tbsp. shortening
1 egg
¼ tsp. salt
1 tsp. soda
1¼ cups boiling water
2 cups flour
2 tsp. baking powder
2 cups dates, chopped
1 cup nut meats, chopped
1 tsp. vanilla

Pour ¼ of water over dates and let stand until batter mixture is ready. Cream sugar and shortening, add eggs and beat well. Sift flour, soda, salt, baking powder, and add this to the sugar and egg mixture. Add remaining of water and beat until smooth. Add dates, nuts and vanilla. Bake in moderate oven 45 minutes.

This can be used as fruit cake or may be served with hard sauce or whipped cream.

SOUR CREAM PIE
Mrs. Mae Higdon

Mix:
1 cup sour cream and
1 cup sugar. Add :
1 cup raisins
1 tsp. cinnamon
1 tsp. nutmeg
1 tsp. allspice
1 tbsp vinegar
3 eggs, beaten.

Bake in raw pie shell.

APPLE DUMPLINGS
Mrs. J. J. Walker

Roll out pie crust thin and cut in squares 5x5 inches. Peel and core apples. Put ½ apple cut in thin slices to each dumpling. Put 2 tbsp. sugar, a small piece of butter and a few red hots around edges of dough. Fold corners together and press down to make stick together. Put a little sugar and butter on top of each and place in greased pan. Don't crowd. Bake in slow oven, basting with the syrup until brown. Remove from pan with spatula. Top with whipped cream and a small piece of jelly on top of cream.

ICE BOX COOKIES
Mrs. W. T. Green

1 cup fat
1 cup dark brown sugar
1 cup gran. sugar
3 eggs
2 tsp. cinnamon
1 tsp. cloves
1 tsp. nutmeg
½ tsp. salt
1 cup chopped dates
½ cup chopped nuts
3⅔ cups flour
1 tsp. soda

Method: Cream the fat and sugars. Add eggs and beat 2 min. Add rest of ingredients. Shape dough into rolls, wrap in wax paper. Chill 12 hours or longer. (Mixture keeps indefinitely). Use sharp knife and cut in thin slices. Bake 10 min. at 375 deg. (Moderate oven).

KARO PIE
Mrs. W. A. Warren
(Recipe for 1 pie)

3 eggs, well-beaten (whole)
½ cup sugar
1 cup white Karo
1 tbsp. corn starch or flour
2 tbsp. soft jelly
Butter size of egg

Mix well and fill unbaked crust. Sprinkle nutmeg on top, lightly. Place pecan halves on top and bake slowly for one hour.

PRUNE CAKE
Mrs. Ross Craig

2 cups butter
2 cups sugar
5 eggs (beaten separately)
4 cups flour
1 tsp. soda
2 tbsp. baking powder
1 tsp. cinnamon
½ tsp. cloves
½ tsp. allspice
1 can dry cocoanut
1 lb. prunes (white preferred)
1 cup pecans

Cream butter, add sugar gradually. Continue creaming until mixture is light and fluffy. Add well beaten egg yolks, cocoanut, and prunes. Beat mixture vigorously. Sift all dry ingredients together three times and add alternately with prune juice to creamed mixture, a small amount at a time. Fold in egg whites. Bake in layers in a moderate oven at 350 degrees 25 to 30 minutes.

SOFT GINGERBREAD
Mrs. F. M. Munson

½ cup sugar
1 cup molasses
½ cup shortening
1 tsp. each ginger, cinnamon, and cloves
2 tsp. soda (dissolved in one cup boiling water)
2½ cups flour.

Add 2 well beaten eggs the last thing before baking.

Bake 40 minutes at 350 degrees.

Find Huge Skull In Illinois

This giant mastodon skull, unearthed by CWA men in a peat bog near Aurora, Ill., is said to be the first evidence that mastodons ever inhabited the middle west. The beast roamed North America more than 20,000 years ago.

Phillips 66

ARE you good at riddles? . . . Then try to guess whether *"sensational"* high test gasoline" is really higher in test than *"amazing* high test gasoline."

The longer you try, the more you appreciate the sincerity and directness of Phillips 66 advertising. Instead of describing the *test* of Phillips 66 with broad boasting words, we publish the gravity (or high test) rating in plain figures—in exact accordance with the method prescribed by the American Petroleum Institute, the officially-recognized scientific standard.

The figures above prove that Phillips 66 is *genuine* high test. They guarantee that you will feel the difference in your motor: in acceleration and speed . . . in power and mileage. Plus the smoothness and silence of Tetra-ethyl Lead, the finest anti-knock fluid.

WOMAN'S WEAKNESS

Mrs. C. M. Windham of 3111 Lake Ave., Dallas, Texas, says: "I was nervous, rundown generally, had poor appetite, severe pains in my back and side, lost weight and felt miserable. I first noticed that Dr. Pierce's Favorite Prescription was helping me when I began to enjoy a full night's rest. Soon my nerves became normal, the pains left my back and side, and my appetite returned." New size, tablets 50 cts., liquid $1.00.

Relief Work

quirements for each particular individual employed. Pay to persons not eligible for relief, or to relief clients in excess of the requirements of the individual family will not be approved in Austin. The new work card, though simple in form, will permit the definite placing of responsibility and indicate who is at fault if a client is allowed to earn from relief funds more than his relief budget requirements.

Chief Auditor Donnell emphasizes that this is a relief program, not a project program. Under the CWA, group employment was provided which approximated current business wages, whereas the present relief program can only supply relief to the destitute. When the building of roads, school house construction or other projects takes the place of the first objective, that of giving relief, the relief program has gone astray, and such expenditures constitutes an erroneous expenditure of funds according to the terms of the Relief Acts under which relief funds are made available.

with the corner stone laying. The Canyon Masonic Lodge will have charge of the Masonic work. J. O. Guleke of Amarillo has been named by Mr. Colp to have charge of the program. It was indicated by Mr. Colp that he would induce Governor Neff and other members of his party to stay over in Canyon for the annual session of the Panhandle-Plains Historical Society on Friday.

MOTHER OF MRS. GEO. W. COX DIED TUESDAY

Mrs. Emma Jackson, 66, of Pampa, died Tuesday at the home of her daughter, Mrs. J. G. Ritter in Amarillo. The funeral was held at the family home in Pampa yesterday afternoon. Mrs. Jackson is the mother of Mrs. Geo. W. Cox of Canyon.

Surviving are five daughters, Mrs. W. A. Cherry, Medford, Ore., Mrs. J. A. Cavin, Mrs. E. L. Cavin and Mrs. Ritter, all of Amarillo, and Mrs. Geo. W. Cox, Canyon; two sons, J. W. Jackson, Newkirk, N. M., and R. R. Jackson, Hereford, and two sisters, Mrs. Cora Rhodes, Pampa, and Mrs. Charles Skinner, Veslaco, Texas.

POLICE OFFICERS CALLED OUT BY BARROW REPORT

Sheriff Bob Barnett received a call from Amarillo Tuesday morning that Clyde Barrow was thought to be in this section, as a car similar to his was sighted in Amarillo. Peace officers from over the Panhandle scoured the country in search of the bandits. The car in question proved to be that of two Tulia boys.

Banks in all sections of Texas are taking extra precaution by keeping their vaults locked during the day owing to the danger of bank robbers.

MOVING TO AMARILLO

Joe B. Gamble has accepted a position with the Amarillo Livestock Loan Company and will move to Amarillo next week in order to be near his office. Mr. Gamble has been a resident of Randall county for 25 years, and is one of the best known stockmen of this section.

Plans Made For Historical Meeting Here April 13th

Ray H. Nichols, editor of the Vernon Record, has accepted an invitation to give the principal address at the annual banquet of the Panhandle-Plains Historical Society here on April 13.

Professor L. F. Sheffy, secretary of the Society states that the organization is very fortunate in securing Mr. Nichols, who is a fluent and delightful speaker. He is well known to people throughout Texas, having been president of the Panhandle and Texas Press Associations, and District Governor of Rotary.

Other features of the banquet program will be short humorous talks by Judge L. Gough, poet-laureate of the Historical Society, and H. E. Hoover, pioneer lawyer and president of the Society, and J. M. Russell of Amarillo.

Several musical numbers will lend variety and color to the evening program.

The business meeting of the Historical Society will be held in the auditorium of the Education Building on the campus of the West Texas State Teachers College at 3 p. m., with Judge H. E. Hoover, presiding.

Besides regular business the afternoon program will include an address by R. C. Crane of Sweetwater, president of the West Texas Historical Society. Mr. Crane, who is an authority on many phases of West Texas History will speak on "The Growth and Development of West and Northwest Texas from the Legal Standpoint." His address will include both humorous and serious incidents connected with the formation of counties in the plains area.

The Panhandle-Plains Historical Society Museum, which was dedicated at the last annual meeting, will be open Friday afternoon and out of town visitors are especially invited to observe the great number of additions that have been made to the exhibits during the past twelve months. Dr. Angie Debo will be in charge of the Museum; she will be assisted by a number of students.

About 27,000 people have visited the museum since it was opened on April 14, 1933.

An exhibit of the paintings of Harold Bugbee of Clarendon has been hung in the Mary E. Hudspeth Room as a special attraction for the meeting Friday.

The exhibit may also be seen Tuesday, Thursday and Sunday afternoons when the Museum is open from two to six.

Officers of the Society are of the opinion that the annual meeting will be very largely attended this year, and persons who wish tickets for the annual banquet which will be at seven o'clock at Cousins Hall, are requested to make their reservations by Wednesday, April 11. They may write the Society, or W. L. Vaughan, treasurer, or L. F. Sheffy, secretary, all at Canyon. Professor Sheffy says that the low price of seventy-five cents has been secured for the banquet. It is hoped that everyone who wishes to attend can secure a ticket, tho only about 200 seats are available.

Newt Childress of Cleveland, Texas has been in Canyon the past few days visiting his mother, Mrs. J. A. Watson, and friends.

Plans Completed Kappa Conclave

Many Social Affairs Will Entertain Delegates From Afar

Plans are rapidly being brought to a conclusion for the entertainment of the Regional Conclave of Kappa Omicron Phi, national home economics sorority, which convenes here April 11, 12, and 13.

The Zetta chapter, of which Mary Ellen Morgan is president and Miss Elizabeth Cox is sponsor, have arranged a number of delightful affairs in addition to the regular business sessions of the meeting.

Many Delegates Expected

Delegates from Missouri, Kansas, West Virginia, Texas, Arizona, California, Oklahoma, Nebraska and Ohio are expected. High points of the meeting will be a trip to the helium plant in Amarillo, two luncheons in the College cafeteria and one in Amarillo, a trip through the Panhandle-Plains Historical Society museum and to the Palo Duro State Park, and a play by the College Dramatic Club.

Regional meetings are only held once every two years. The last meeting for this region was held at Winfield, Kansas, and was well attended by the local chapter.

PRESBYTERIAN CHURCH

Sunday School at 9:45.

Morning worship at 11, subject "Church Rackets."

Evening worship at 8. The minister is beginning a series of sermons on the general theme "Divine Pardoxes." The subject for Sunday night is, "The Great."

The church will have a membership supper on Wednesday night at 7:30. This is a basket, or covered dish supper. Let every family bring a picnic lunch. We want all members to be present, as our Church roll is not accurate, and we want to correct it before the spring meeting of Presbytery.
